Ilco EZ[®]-Clone Retail Transponder Cloning Device

Designed specifically for the retail environment, the Ilco EZ[®]-Clone features a simple two-button operation (Read/Write). Use the Ilco EZ[®]-Clone in conjunction with Ilco[®] electronic keys to eliminate the two master (original) key requirements for “on-board” programming. It is a stand-alone device with no PC, internet connection or additional software required.

- Simple two button operation (Read/Write)
- Clones Texas Instruments[®] (TI) encrypted code and fixed code (T2, T5) transponder keys
- Identifies presence of a transponder and indicates chip type, value and manufacturer
- Software updates are based on new vehicle information & technology
- Free updates for one year from purchase
- Compact, lightweight and portable
- Multiple language support
- 12V DC adapter included
- Easy to read LCD screen
- Update via USB and Serial Port

Specifications:

Dimensions: 9½" W X 6½" D X 3¼" H
(24.1 cm X 16.5 cm X 8.26 cm)
